Junior Chamber To Hear Talk On Missiles

Sleek, deadly guided missiles, poised for action at closely guarded launching sites throughout the Southland, will be discussed and demonstrated April 10 before the Torrance Junior Chamber of Commerce by Richard Sanchez of Pacific Telephone Co.

Nike, one of the nation's most fantastic weapons in the arsenal for defense, is the result of a joint undertaking by Bell Telephone Laboratories and Douglas Aircraft.

Sanchez will explain how a pattern of interlocking radar enables the missile to seek out and in one blinding flash, destroy an enemy aircraft. This program will be presented at their pre-emption dinner.

Disaster Status Helps Loans for Homes, Businesses

Donald McLarnan, Regional Director of the Small Business Administration, today officially announced that the Los Angeles and Ventura Counties have been designated a disaster area as a result of recent rains which have been designated a disaster area as a result of recent rains which have destroyed more than a score of homes and businesses in those two counties.

The declaration of disaster area owners of homes or businesses, damaged or destroyed as a result of the rain, to apply to the Small Business Administration's Los Angeles Office, 312 West Fifth st., for 3 per cent rehabilitation loans.

McLarnan said that a survey is being made of each of the counties in Southern California and if homes or businesses have been damaged or destroyed in a given county, that county will also be included in the declaration of a disaster area.

Disaster loan applications may be secured from many of the local banks, who will participate in the SBA's Disaster Loan Program, or may be secured in the Regional Office at 312 West Fifth st., Los Angeles, RI. 9-4711, Extension 667.
